

Zoom Lantern Flag

ZOOM-FLX-LNTRN

The Zoom Flex Lantern Flag features a full metal with fiberglass ribs. The lantern is wind resistant and is perfect for indoor or outdoor use. The design allows the graphic to rotate in the wind. Features three-sided pillowcase graphics and fiberglass rods. Ground stake and storage bag included.

Pictured with optional Zoom Cross Base (ZOOM-FLX-CB)

additional information:

*For best performance drive the flag holder in flush to the ground

*See supplement for more information on bases

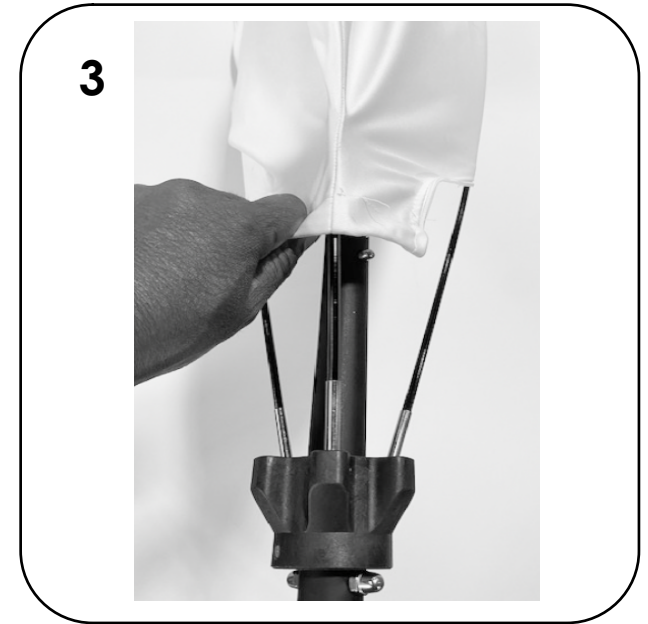

Zoom Lantern Assembly

Slide the lower rod holder down until it stops.

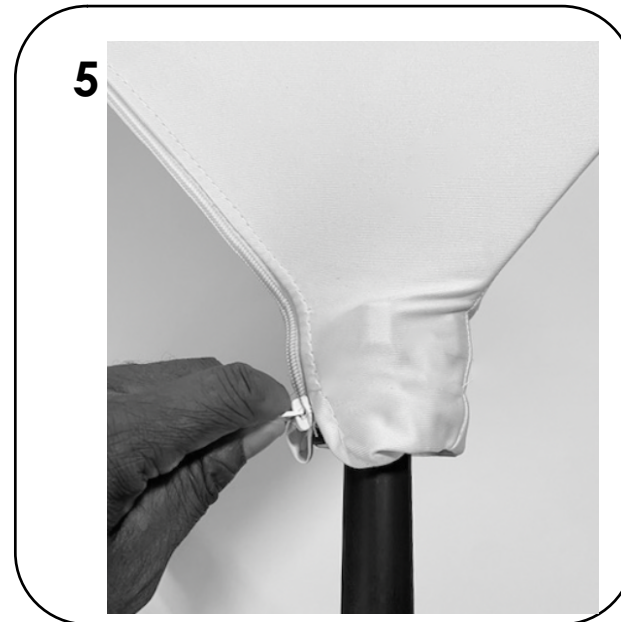

Install the three fiberglass rods into the top and bottom rod holder. Make sure each rod is fully seated in place.

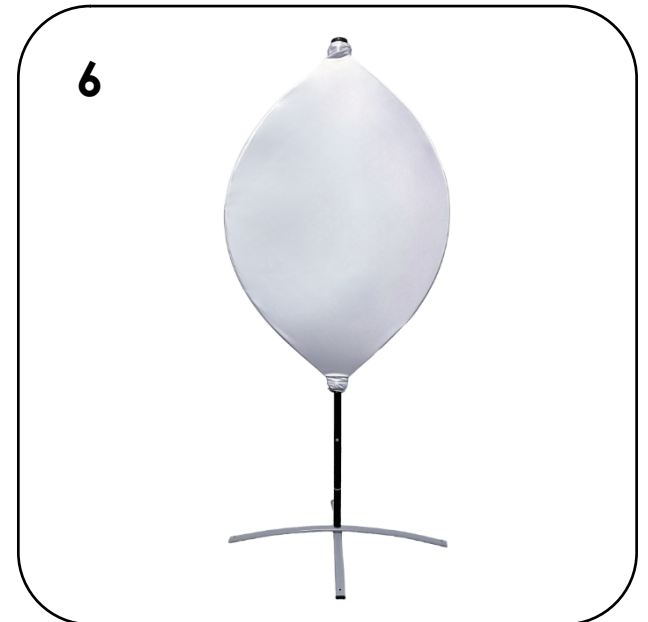

Pull graphic over the assembly while lining up the graphic seams with the rods.

While holding the bottom of the pole, extend the lower rod holder forward until it snaps into the locking pin

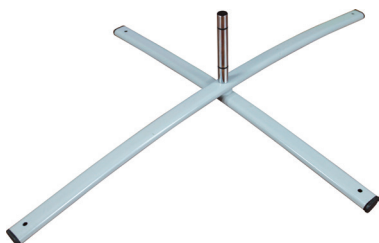

Close zipper

Unit assembly is complete.
